

Naren Ehab Hasan Sahile

Software Development Intern (Project-based)

+962 785801099 narenehabsa7ile@gmail.com Jordan

Summary

- Driven and detail-oriented computer science student with hands-on experience in full-stack development, having successfully contributed to the design and implementation of an e-commerce web application. Proficient in ASP.NET Core, Bootstrap, and SQL Server, ensuring seamless user experiences and secure data management. Demonstrated strong analytical skills through system analysis and manual testing, identifying critical requirements to enhance functionality. Eager to leverage technical expertise and collaborative mindset to deliver impactful solutions in software development.

Experience

Software Development Intern (Project-based)

Feb 2026 - May 2026

Al-Balqa Applied University

Salt, Jordan

ElectroLight:

Collaborated within a development team to design and implement "ElectroLight," a full-stack e-commerce web application.

Contributed to system analysis by identifying functional and non-functional requirements for user and product management.

Assisted in creating a responsive user interface using Bootstrap and CSS to ensure a seamless experience across devices.

Gained hands-on experience with ASP.NET Core MVC and Onion Architecture to maintain a clean separation of concerns.

Participated in managing secure user authentication and role-based access control through ASP.NET Core Identity.

Helped in managing relational data structures using Entity Framework Core and SQL Server.

Performed manual testing to verify core system functionalities, including the shopping cart and administrative dashboard.

Education

Computer Science - Bachelor's Degree

Al-Balqa Applied University, Salt

2023 - 2026 amman, Jordan

Skills

Object-Oriented Programming (OOP)

Java Programming

c# programming

ASP.NET Core

Mobile App Interface Design (Android XML)

C++ Programming

Python programming

System Analysis
